

JMP Solutions custom builds Tilters & Upenders for all types of ergonomic & industrial applications. We engineer these products to be safe to operate and provide years of reliable service.

STANDARD FEATURES AND CERTIFICATIONS

- ITS certification
- UL, CSA, Hydro approved power packs & controls
- Remote 1 hp, 115 volt, single phase power pack (requires dedicated 20amp circuit)
- Power pack includes pressure relief valve, check and flow control valve
- Ground and hard chrome solid rod hydraulic cylinders rated at 3,000 psi working pressure
- Velocity fuse fall safe protection
- Abrasion, oil and weather resistant hydraulic hose with 4 to 1 safety factor at 3,000 psi
- Structural steel construction, (44,000 psi minimum yield)
- Nema 4 motor rated push button controls
- Smooth steel platforms structurally reinforced
- Ground superior shafting pivot pins
- Lifetime lubricated Teflon coated bushings
- Safety warning striping on platform sides

OPTIONS

- Capacities 1,000 - 30,000 lb.
- Oversized platforms & bases
- Low & high pivot heights
- Custom load restraints
- Custom enclosures & chutes
- Electric toe guards
- Portability (casters, wheels, air bearings)
- 1,3,5 or 10 hp, 220-575 volt, 3 phase
- 12 - 24 volt DC
- 1 - 4 hp air motors
- Wash down
- Explosion proof
- Foot pedal controls
- Automated operation
- Accordion curtain enclosures
- Custom finishes (paint or galvanize)
- Stainless steel platforms
- **Custom designed & built to customer specifications**
